

River-Friendly Webinar Wednesday, April 8

Free! • 12:00 - 1:15

Visit www.raritanheadwaters.org/calendar to register

Learn how to use stormwater tools to reduce water pollution and reuse rain water! This webinar will include how to design, install, and maintain a rain garden at home, how to capture and reuse rain water using a rain barrel, and how to install a decorative downspout planter. Bring questions to ask after the presentations!
