

ON THE ROAD WITH RHA'S

# WELL TEST WEDNESDAY

**July 29th 8:00-10:00 AM**

**Far Hills Fairgrounds**

**U.S. Route 202 and Peapack Road, Far Hills**

Clean, safe drinking water is integral to maintaining good health. Water testing is the only way to determine if well water is safe to drink. On July 29th, residents may drive up\*, purchase a well test kit, and return samples to us the very same day!

Visit [www.testmywell.org](http://www.testmywell.org) for more information.

\*To protect our residents and our staff, we request that face masks be worn at these events. Residents will remain in their vehicles and an RHA staff member will assist you.
